DETAILED DESCRIPTION OF THE FUNDING MECHANISM

The Village of Burr Ridge intends to fund the Enhanced 9-1-1 Emergency Telephone System with monies from the Village's general fund and a telephone surcharge that has been in place since 1989. All implementation and maintenance costs associated with the operation of the PSAP located at the Southwest Central Dispatch Center will be funded in the same manner.

The telephone surcharge is established at \$.60 per access line. By agreement with the Southwest Central 911 System, the Village of Burr Ridge ETSB will remit \$.16 per access line to the Southwest Central Dispatch System for E-911 Service. The remainder will be used for administrative and line charge costs by Ameritech and for purchase of 911 equipment by the Burr Ridge Police Department and by the Tri-State and Pleasantview Fire Protection Districts.
